

TAIWO IFEDAYO GABRIEL

Software Engineer

+2349154911424 taiwo.ifedayo.gabriel@gmail.com https://techmornach.vercel.app Lagos, Nigeria

STRENGTHS

Problem-Solving

- Sharpened my problem-solving skills through coding challenges, hackathons, and tackling complex projects.
- Embraced a continuous learning mindset.
- This has helped me efficiently analyze and troubleshoot intricate issues, leading to more elegant and robust software solutions.

Effective Collaboration and Communication

- Actively engaged in team projects, open-source communities, and sought feedback.
- Practiced articulating technical concepts to diverse audiences.
- This has helped me communicate seamlessly with team members and stakeholders, fostering collaboration.
- It has also helped bridge the gap between technical and non-technical roles, enhancing project efficiency and alignment with business goals.

Continuous Learning and Adaptability

- Committed to continuous learning, I have pursued advanced degrees, attended conferences, and experimented with new tools.
- Stayed updated on industry trends.
- This has helped me adapt quickly to evolving technologies and methodologies.
- It has helped me seamlessly integrate new tools, contribute to cutting-edge solutions, and position as a leader in adopting emerging technologies.

EXPERIENCE

Senior Software Engineer

Shopascart

11/2023 - 12/2023

- Assisted in enhancing existing software components and adding new features, including bug fixes
- Integrated external software libraries and APIs into existing projects
- Created and maintained database designs for effective data storage and processing

Software Engineering Instructor

GOMYCODE

10/2023 - Present

- Provided one-on-one assistance to students, addressing their specific learning needs and challenges.
- Guided students through the development of real-world projects, fostering practical skills and hands-on experience
- Helped students develop problem-solving skills and a systematic approach to tackling coding challenges.

SUMMARY

Software Engineer with a standout ability to elegantly solve complex problems.

EDUCATION

Bachelor of Science in Computer Science

National Open University of Nigeria

2021 - Present

Software Engineering

Miva Open University

2023 - Present

SKILLS

Frontend Engineering

Backend Engineering

Software Architecture

Software Testing

Microservices Design

RestFul API design

Linux

Cloud Architecture

Database management

Devops

VOLUNTEERING

Software Engineer

Cybracy

Date period

Cybracy is a non-profit organization aspiring to improve computer literacy among youths.

EXPERIENCE

Chief Technical Officer

Omniteleos

📅 2022 - Present

- Implemented efficient database designs using MySQL, PostgreSQL, and MongoDB, optimizing data storage and retrieval.
- Actively participated in code reviews, providing valuable feedback and improving code quality.
- Designed scalable and efficient software architecture.

Software Engineer

Luvable Babycare Stores

📅 2020 - 2022

- Collaborated with programmers and graphic designers to create a website that aligned with the company's branding and visual design intent.
- Conducted regular website maintenance, ensuring smooth operation and troubleshooting any issues that arose.
- Developed an e-commerce site, integrating secure payment gateways and inventory management systems, resulting in increased online sales.
